The application of the ATA Carnet System covers the entire common Customs area, which means the combined areas of the Republic of South Africa, the Republic of Botswana, the Kingdom of Lesotho and the Kingdom of Swaziland and the Republic of Namibia (BLNS States).

Other applications: ATA Carnets **are not** accepted for postal traffic

Ports authorized to provide proofs of re-exportation on the ATA Carnets used in the South African Customs Union (SACU) countries, i.e. South Africa, Botswana, Lesotho, Namibia and Swaziland.

Please note that any of the Customs Offices on the attached map can be used. **HOWEVER**, for **acquittal purposes** (i.e. proof of re-exportation out of South Africa), only the listed border ports are valid (Annex overleaf refers)

This means for instance that one can have an **entry** stamp from Oshoek (# 30) and an **exit** stamp from Nerston (# 32). The Carnet holder is now somewhere in Mpumalanga, which is still within the common customs union (SACU) but is not an accepted border port for the **re-exportation**. Therefore, carnet holder must exit South Africa, through Lebombo (# 26) or through Johannesburg International Airport (JIA).

From the map, you will note:

- Border ports numbers 1 - 6 and 53 goes into Namibia.
- To get from Namibia out of South Africa, you can utilize Walvisbay or Windhoek Airport, or any of the ports listed in Annex.
- Border ports numbers 7 - 23 goes into Botswana.
- To get from Botswana out of South Africa you can utilize Kazangula or any of the ports listed in Annex.
- Border ports numbers 39 to 52 goes into Lesotho.
- To get from Lesotho out of South Africa you can utilize any of the ports listed in Annex.
- Border ports numbers 27 –37 goes into Swaziland.
- To get from Swaziland out of South Africa, you can utilize any of the posts listed in Annex.

In the above analogy we have used the closest ports of exit, but any port on the list below, is valid.

This means that all numerated Customs offices apply, but for proof of re-exportation, the following ports are deemed to be places of re-exportation:

Komatipoort

Beitbridge

Cape Town
Port Elizabeth
East London

Special observations

When goods are imported into South Africa temporarily into one of the coastal ports for onward delivery to inland port, issuing bodies must ensure that the carnet will include TRANSIT vouchers and counterfoils for the purpose of being directed directly to the inland port without Customs examination and delays.

South African Revenue Services (SARS) **DO NOT** accept foreign ATA Carnets issued for private motor vehicles and any other related equipment for the purposes of immigration, contract work, holidaying or temporary work permits.

ATA Carnets are permitted for the use of vehicles in the following instances: demonstration, testing and/or racing for professional bodies only", and not for private use by individuals or companies.
